>> **education history**

**2008 - 2009 Victoria University**  
 Diploma of Web Development  
 Diploma of Information Technology

CCNA : Networking for Home and Small Businesses  
 CCNA : Working at a Small-to-Medium Business or ISP

**2000 - 2005 Princes Hill SC**  
 Victorian Certificate of Education

## >> im keen

I am interested in this position because I would like to establish a career in the information technology industry that utilizes my qualification and work experience. This position I believe is the perfect opportunity to achieve this goal. I have worked with Blueseed and Smallworldsocial which are firms dedicated to the use of social media in website development as a programmer which transferred design concepts into useable websites. Through these roles I have developed experience in web development, learning new techniques and approaches to meet deadlines whilst meeting the requirements of the client.
